

ACCOLEDS 2012 Agenda

Time	Session	Speaker
Tuesday, Nov. 27, 2012		
8:15 – 8:45	Refreshments and registration	
8:45 – 8:50	Housekeeping items	Gary Strike, Liaison Librarian, University of Manitoba
8:50 – 9:00	Welcome to ACCOLEDS participants	Donna Breyfogle, Associate Director, University of Manitoba Libraries
9:00 – 10:30	DLI Update	David Price, Chief, Microdata Access Division, Statistic Canada / Chantal Ripp, Reference Services Coordinator, DLI
10:30 – 11:00	Refreshment break	
11:00 – 12:00	Politically inconvenient data and happy accidents: in pursuit of a Guaranteed Annual Income	Evelyn Forget, Community Health Sciences Department, Faculty of Medicine, University of Manitoba and Academic Director of the Manitoba Data Research Centre
12:00 – 1:00	Lunch	
1:00 – 2:30	Title. Discharge Abstracts Database (DAD): a Collaboration Between CIHI and DLI.	Azim Bhamani, Senior Analyst, Decision Support Services, Canadian Institute for Health Information (CIHI)
2:30 – 3:00	Refreshment break	
3:00 – 4:30	DLI Survey results. Presentation and discussion.	Gail Curry, Data, Map and Government Information Librarian, University of Northern British Columbia
5:00 – 7:00	ACCOLEDS 2012 Reception	(sponsored by Karen Adams, University Librarian, University of Manitoba Libraries.)
Wednesday, November 28, 2012		

9:00 – 10:30	Back to the Basics: The Fundamentals of Working With Statistics Canada Boundary Files. This session will review the basic knowledge and skills that DLI contacts need to work with Census boundary files such as the differences between digital boundary files and cartographic boundary files, projections, feature selection, new layer creation, clipping & splitting, and spatial joins.	Peter Peller, Head, Numerical and Spatial Data, University of Calgary / Daniel Brendle-Moczuk, Geography/Geo-Spatial/Maps Librarian, University of Victoria
10:30 – 11:00	Refreshment break	
11:00 – 12:00	Connecting Collections through Place and Space: Over the past ten years, many historical library collections have been digitized (textual, numerical, photos, maps) and made available online. However, they often exist on standalone platforms isolated from other digital collections. This presentation highlights how thinking spatially about collections and combining the power of GIS, geovisualization and metadata opens up new ways of linking collections to each other, based on their spatial attributes and combining them to produce new and interesting narratives. Will be looking at examples of collections/projects in institutional collections that lend themselves to GIS projects.	Larry Laliberte, GIS Librarian, University of Alberta
12:00 – 1:30	ACCOLEDS business meeting / Lunch	Chair TBA (Anna or Chuck)
1:30 – 2:30	When the DLI isn't enough: the next steps in the Continuum of Access: Session will cover what DLI contacts should know about synthetic files, RDCs,	David Price, Chief, Microdata Access Division, Statistics Canada / Kelly Cranswick, Regional Manager, Research Data Centre Program,

	remote access, and record linkages and will introduce Real Time Remote Access (RTRA). RTRA will be covered in detail in the next session.	University of Manitoba
2:30 – 3:00	Refreshment Break	
3:00 – 4:30	Real Time Remote Access: a new service on the horizon Hands on session.	David Price, Chief, Microdata Access Division, Statistic Canada
6:00 -	Dinner at Hu's on First 6:30 p.m. -	
Thursday, November 29, 2012		
9:00 – 10:30	Title pending: Update on the 2011 Census and National Household Survey (NHS)	Marie Anderson, Census Marketing, Statistics Canada
10:30 – 11:00	Refreshment break	
11:00 – 12:00	Title: In God We Trust - All Others Must Bring Data: Market Research Data & Statistics.	Gilbert Bede, Systems and Acquisitions Librarian, Okanagan College / Sunny Kaniyathu, Data Services Librarian, University of Saskatchewan
12:00 – 1:00	Lunch	
1:00 – 2:30	Title: Research Data Management Infrastructure: What Each Library Can Be Doing.	Chuck Humphrey, Data Library Coordinator, University of Alberta
2:30 – 2:45	Refreshment break	
2:45-3:00 3:00 – 4:00	Data Services Backup - proposal for expanded trial Wrap up / evaluation forms	Gilbert Bede, systems and Acquisitions Librarian, Okanagan College / Gail Curry, Data Map and Government information Librarian, UNBC Marilyn Andrews, Data Librarian, University of Regina / Gail Curry, Data, Map and Government Information Librarian, University of Northern British Columbia
